From: Mihran Agbabian
President, American University of Armenia

Dear Friends and Colleagues:

The American University of Armenia is pleased to be a co-sponsor with the Ministry of Finance of the Republic of Armenia of a Seminar that has a very timely and important topic:

We are indeed grateful to the participating lecturers, Mr. Kester William Norton George, Ms. Denise Ellen Owen, and Mr. Anthony John Wiggins of the United Kingdom who have made the journey to Armenia to present important information on the European Community, International Trade, and Agribusiness. Armenia is making the important transition from a centrally controlled economy to a free market economy, and education is a very important component of the transition process. We acknowledge with thanks the service that our guests from the United Kingdom are rendering.

We would also like to thank Dr. Jirair Libaridian, Director of Information and Policy Analysis of the Republic of Armenia, and his colleagues from the Ministry of Finance and others in the government who have planned this Seminar.

I also wish to extend my greetings to the Seminar participants from the various Ministries and Offices in Armenia who have taken the time to attend the Seminar. I wish them success in all their activities for the progress and welfare of Armenia.

Please accept my best wishes for the success of the Seminar.

Sincerely,

Mihran Agbabian
President
American University of Armenia
