RE: Extension matters
DATE: August 15, 1994

1. Izmirlian's course is being publicized with the Armenian version. Attached, the Armenian version.
2. Hrair Balian. I agree with your interpretations. I will urge him to do his seminar through existing human rights groups. There is the Avant-garde Center for Humanitarian Research and the Sakharov Fund. Both deal with legal defense of human rights issues and study current crisis situations in Armenia, promoting democratization at a national and individual level.
3. Public Policy and Management
