

September 9, 1991

^F1^

Dear ^F2^:

It is our pleasure to inform you that you have been provisionally admitted into the Master of Business Administration program in Business Management at the American University of Armenia, which is scheduled to begin in March of 1992. Prior to entering this degree program, you must enroll in preparatory courses in English and computer science during the fall quarter. Your final admission into the MBA program is contingent upon your successful completion of these preparatory courses.

You should present this letter together with an identification document to the registration desk of AUA by September 20 in order to complete your enrollment. At that time you should also present a letter of support from your sponsor indicating their willingness to pay your tuition for the fall quarter, which will be 2000 rubles. You will be informed of the courses that you should take during the fall quarter.

Congratulations on your admission. As one of the first students attending AUA, you share with the University administration and faculty a special privilege and a responsibility. The privilege is in being among the first students of a new institution of higher learning in Armenia that aspires to be a role model for advancing higher education throughout the region. The responsibility is in recognizing this privilege and in taking full advantage of this unique opportunity to advance your knowledge and to put it to the service of your country.

We wish you success in your studies.

Sincerely,

Theony Condos
Director of Admissions

Stepan Karamardian
Dean, College of
Business Management
